Youth Retrieval System

The very latest in skin therapy, Youth Retrieval System is designed to clarify and smooth tired looking skin, mature skin, or prematurely aged skin. Your skin will appear more radiantly beautiful than it ever has before. Within only a few uses, you will notice improved skin texture, and smoother, softer looking skin.

Vitamin C \$25

Vitamin C has been found to be very important in preventing damage from UV exposure, as well as restoring the skin after UV exposure. Our cream is rich in free-radical scavenging Vitamin C, necessary for the production of collagen in the body.

Our ALAK Skin Care Line

Especially designed for every age and skin type, ALAK Skin Care helps to refine, smooth and hydrate aging skin. All of our ALAK products are designed to work together using Alpha Lipoic Acid, Aloe Vera and Vitamin K to rehydrate and foster new cell growth for younger, more radiant skin.

MA - 5 Formula

The MA-5 Formula is designed with natural fruit acids and other natural exfoliants that work as a superior, rehydrating moisturizer for noticeably younger looking skin. The Bioactive AHA-Kit is formulated into a combination of five fruit acids (glycolic acid, citrus acid, lactic acid, tartaric acid, and malic acid). They each come from nature, not necessarily from fruit and can actually smooth skin within limits. All products are buffered to virtually eliminate tingling of the skin associated with other AHA products.

Alpha Hydroxy Peel 15% \$15

- Contains 5 natural fruit acids
- Gently exfoliates dead skin cells
- Helps improve tone and texture to skin
- Encourages the renewal of younger looking skin
